Company Profile

VirTech (Virtua Technology Solutions - an NCS, Inc Company) was formed in December 2008 to provide Information Technology and Telecommunications consulting and support to small, medium, and large businesses. This includes office PC and Network design and repair, hardware upgrades, and general software clean up, as well as acting as a liaison to local telecom companies such as AT&T, Cox Communications, and many other Internet and Communication Service companies around the United States. As a **DELL Platinum Reseller**, VirTech is able to pass on high discounts to their clients on all products offered by this vendor. VirTech has partnerships with many other product vendors and is able to offer many products at or below wholesale costs. **VirTech** is also a **DELL Certified Service Engineer (DCSE)** for DELL product repair and services.

TECHNICAL

VirTech technicians have extensive knowledge of all **Microsoft Windows** operating systems and applications. They also have experience with the various **Apple MacOS** versions. They have worked with many versions of the **Corel Suites**, as well as proficient knowledge of the **Adobe** product lines. They are experienced in Antivirus Product lines like **ESET, E-Trust, Trend-Micro,** and **Symantec**, and various Backup Suites like **Symantec/Veritas, Windows NT Backup,** and **Seagate**. Billing and Management software product knowledge includes **Intuit Quicken** and **QuickBooks** and **Sage ACT!** and **Peachtree**. **VirTech** technicians are also well versed in Dental and Medical Practice Management and Imaging softwares such as **Kodak Dental Systems, Henry Schein, Patterson, ODS, ChartLogic EMR, Medical Manager,** and various practice management hardware products including **Intraoral Cameras, Digital X-ray Sensors** and **Panoramic/Cephalometric Systems**.

VirTech services also include consulting and design of home offices configured for remote connections to the business office as the use of personal computers, personal home networks, laptops, and the utilization of telecommuting increase. **VirTech** technicians are well versed in Remote Access softwares and technologies such as **Windows Terminal Services/Remote Desktop,** various **VPN** softwares/hardwares and technologies, **PCAnywhere,** and **RealVNC**.

TELECOM

VirTech has expanded into the Telecom arena by selling and maintaining **Nortel Norstar Phone Systems** and accessories, as well as maintaining other phone system brands such as Avaya, Panasonic, SONY, and Meridian. We provide professional consultation, design, and implementation of 'phone closets', including all cabling, termination, and connection of phone systems.

AUDIO/VISUAL

VirTech also handles all of your audio/visual needs, ranging from business stereo systems and cabling, in-wall/in-ceiling speakers, and flat screen television and monitor installation.

INTEGRATING TECHNOLOGY AND YOUR BUSINESS AND BEYOND

VirTech representatives treat their customers with respect and dedication. The staff is knowledgeable, helpful, and always explains the differences in technologies and uses in a language that can be easily understood.

VirTech plans to expand into any IT and Telecom areas that it sees as a marketable opportunity, while helping businesses and individuals keep themselves in the mainstream of changing and growing technologies.

If we come across something that we can't do, we'll help you find someone who can!!

Contact **VirTech** for questions about the services and products we provide at info@virtechonline.com or 405-722-VTS1 (8871).

We appreciate your business, and we look forward to hearing from you!
